

Frequently Asked Questions

Advili Driver Application

1. How to start the Advili Driver application as a driver?

To get started, just first download the Advili driver from Google Play for Android and from App Store for iPhone for free and install it on your phone. Then, after logging in to the software, enter the cooperation request section through the application and submit your cooperation request by filling out the blanks in English language and wait for the Advili operators to call so that our experts guide you to complete your registration process.

2. What documents do I need to register as a driver user in the Advili driver application?

The documents and equipment required to complete the registration in accordance with international rules and standards are as follows:

1. Android or iOS smartphone
2. Identification card
3. Driving License, Vehicle Document
4. Technical Examination of the Vehicle
5. Authentic Vehicle's Insurance License
6. Phone or water or electricity bills of place of residence
7. Certificate of clean records

Please note that after registration, you must submit your certificate of clean records to the company within 1 month, otherwise your partnership with Snap will be terminated.

3. Where should I go to register as a driver user more quickly?

You can register in person and submit the documents as a driver to the Advili office; the address is visible on the homepage of the website and complete your registration process. Note that to accelerate the registration process, make sure your documents are complete.

4. What kind of car can be used in the Advili driver application?

You can collaborate with any car you own including (motorcycles, personal vehicles, pick-up trucks, tow trucks, trucks) and you will be able to start working after completing the process of registration and approval. But your vehicle must be completely healthy physically and technically. You also need to have the equipment required to perform different requests.

5. Does the Advili company have disciplinary rules for driver users?

Yes. A disciplinary rule has been designed to observe the performance of drivers by the Advili team, which you can read in the Terms and Conditions and take them into account.

It should be noted that all persons, by completing the application for cooperation, registration and presentation of the documents, essentially declare that they have studied all the laws and regulations of the drivers' section and will adhere to them.
